

Worship

Friday 22nd January

Our Christian Value for this half term is Hope.

Friday is our Celebration Assembly. In school we celebrated the children's perseverance with their learning.

Maybe this is something you want to congratulate your child and yourself on completing another week of learning at home.

We also had some children who had done an exceptional piece of work from contributing to discussions in assembly to fantastic art work.

Maybe this is something you want to celebrate with your child.

At the end of assembly, we once again used the rainbow image. The children choose value stone and placed it on the rainbow for something they wanted to say thank you for. Courage, Creativity, Friendship Hope and Kindness stones were placed on the rainbow.

Let's Pray

Dear God,

Here in our school community let there be peace.

Let love and kindness be in our hearts at all times.

Help us to be kind and supportive towards each other,

AMEN

Here is a reminder of our Hope challenge which is now all over Penlee Cluster of Churches too!

Please send pictures and photos to your child's class teacher. We really look forward to seeing them and making Hope in our community board at our schools.

Challenge!

Draw a picture or take a photo called Hope

Write 3 words that you think best explain Hope.

Email your pictures and photos to your class teachers.

We would love to see your ideas and add them to our Hope board in school and make a book of Hope this half term for everyone to share with our school community.
