

Rainbows of Hope

We are setting a Hope challenge today for all children.

We have taken inspiration from our rainbow in our school badges to create 3 rainbow challenges for the children for the next 3 weeks.

Can you make a picture on these themes over the next 3 weeks?

30th March – 3rd April Sunshines of Hope

6th April – 10th April Hope at Easter

13th April – 17th April Hope in Creation

Each picture needs to have a rainbow in it somewhere!

You can use the school badges as well if you want to.

Please email photos of these to your class teacher or share on class facebook page.

You can display the rainbows in your window to show hope to the world at this fragile time.

Please keep your rainbow pictures as we would like to create a big piece of art work once we are together as a school community again.

Thank you for taking part and also there will be an Easter Egg prize each week for the most creative picture!

Together we can make a difference.

Reflection Wednesday 1st April
